

VARIABLE CAPACITY COMMERCIAL

Our wide range of smart, reliable and energy efficient packaged and commercial split air conditioners provides the right choice for every application.

BRAND NEW FEATURES

TRU-Inverter Compressor delivering powerful energy efficient performance.

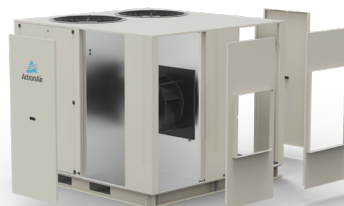

EC backwards curved fans capable of supporting applications of up to 500Pa while delivering noticeable energy savings.

Energy efficient EC outdoor fans delivering quieter performance up to 80Pa.

Flexible handing options with on-site interchangeable panels. Simple convert from a front supply to a side supply whilst on site.

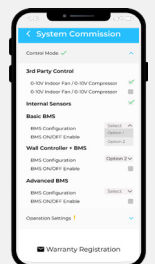

MONITORING THE SYSTEM HAS NEVER BEEN EASIER

Our Variable Capacity Commercial range includes access to dashboards for easier and quicker servicing.

COMMISSIONING MADE EASY WITH ACTRONLINK

Offering quick configuration & commissioning through a smart device.

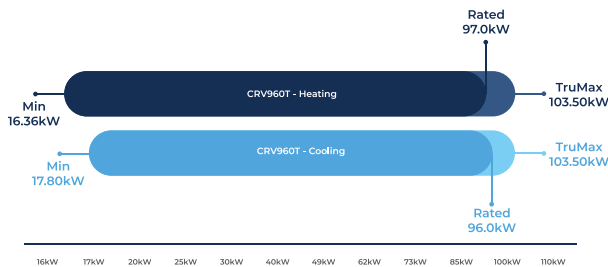

For any questions, get in touch with an ActronAir representative.

NEW VARIABLE CAPACITY COMMERCIAL PRODUCTS

Split Ducted Capacities:
72.0kW, 85.0kW, 96.0kW

Package Unit Capacities
15.0kW, 17.0kW, 72.0kW, 85.0kW, 96.0kW

*Approximate capacities

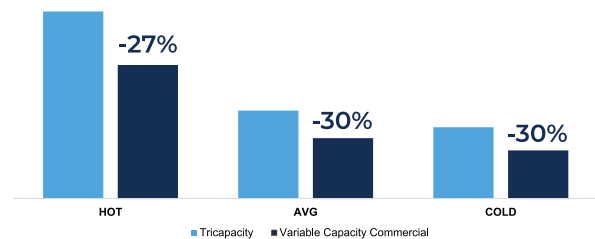

When the temperature outside soars or plummets. TruMax functionality allows the system to continue performing at higher capacities, meaning it can be counted on to provide powerful cooling or heating when it's needed the most.

*Applicable to 72kW, 85kW & 96kW capacities

ActronAir Units
Heating: down to -15 degrees
Cooling: up to 55 degrees

The versatile operating range of the VCC products works to reduce limitations on installation locations.

In Australia, Air Conditioning equipment typically spends more time operating at part load conditions than it does at peak heating or cooling loads.

NEW Variable capacity commercial products can achieve significant energy efficient gains during part load performance.

Variable Capacity Commercial products provides flexible and advanced controls functionality, with a range of proprietary control options whilst also offering comprehensive 3rd party control connectivity and BMS compatibility.
